

REMARKS

Applicants respectfully request entry of the above claim amendments in this application. No new matter has been added with the claim amendments.

As discussed in the Examiner's Interview on August 11, 2006, between Ms. Elizabeth J. Reagan and Examiner Peter Poltorak, claims 51, 60, and 70 were incorrectly amended in the Notice of Allowance and Examiner's Amendment mailed July 10, 2006. This Preliminary Amendment is being filed to correct the errors, and change the preambles of claims 60 and 70 to their original form.

Also enclosed with this Preliminary Amendment is a Request for Continued Examination and an Information Disclosure Statement for consideration by the Examiner.

It is believed that no fees are due with this Preliminary Amendment. However, the Commissioner is hereby authorized to charge any deficiencies or credit any overpayment with respect to this patent application to deposit account number 13-2725.

It is believed that the application is now in condition for allowance and such action is respectfully requested. Should any additional issues need to be resolved, the Examiner is requested to telephone the undersigned to attempt to resolve those issues.

Respectfully submitted,

Dated: October 6, 2006
